ROXIE W

YOUR AUTO SCAN ROBOT

ROXIE W is designed to offer a TRUE intelligent diagnostic experience for technicians or DIYers. Just plug it into the car, Roxie W will auto identify car VIN and auto scan the full system for most 1996 and newer cars in a few minutes. NO human labor required during the inspection process. After inspection, a diagnostic report with detailed information can be shared up to five emails at a time. Roxie W is a perfect solution for **Collision/MSO** shops requiring a Pre/Post scan report without the need of a trained scan tool technician or recurring remote diagnostics service.
